

PRESS RELEASE – October 2017

## New office in Spain

### ShibataFenderTeam in Spain

Being dedicated to serve important customers and markets in Spain and North Africa with a nearby regional office, which will also provide close support to the many contractors and engineering companies in Spain, that are working in Latin America, ShibataFenderTeam opened its Spanish branch in Valencia in October 2017.

The office will be managed by our partner Eduardo Roderó. It will strengthen our position in these markets and will further improve our already exceptional customer support for the region. In case you have any questions, please contact us any time at [contact-spain@shibata-fender.team](mailto:contact-spain@shibata-fender.team).
