

ShibataFenderTeam is an international fender supplier and manufacturer, headquartered in Germany with regional offices in the US, Malaysia, Spain and the Netherlands, and a large network of well-established local representatives on six continents. They are a specialist for customized fender solutions protecting people, ships and port infrastructure. A strong focus lies on in-house manufacturing and high-quality products at competitive prices. Offering the full range of marine fender products, they are one of the key players in the industry. After many years of experience they have gained a reputation as a dependable partner in the international port, harbor, and waterways market.

TRAINEE

BUSINESS ADMINISTRATION (HSBA)

DESCRIPTION

We are looking for an ambitious applicant who is interested in studying Business Administration in cooperation with the “Hamburg School of Business (HSBA)” starting in October 2020. If you would like to be trained by a motivated and dedicated team and are interested in working for an internationally operating and well established company you are herewith invited to submit your application.

The training process in our company will extensively guide you through all relevant departments of our Headquarters in Hamburg such as sales, purchasing, contract administration, marketing, controlling and accounting. There is, however, a particular focus on International Sales where you will work and communicate with costumers from all around the world on a daily basis.

The academic part of your studies is organized by the HSBA, based in the city center of Hamburg.

Our trainees are responsible individuals who aim to be an integral part of our team and enjoy to be given responsibility for handling projects on their own guided by skilled colleagues.

Having offices in the US, Malaysia, Spain and the Netherlands, each trainee has the option to study and work abroad.

REQUIREMENTS

- ▶ Fluent in German, good English oral and writing skills
- ▶ Open minded, pro-active and career ambitious
- ▶ Interested in engineered products and international trade

It is our company policy to offer jobs with excellent career perspectives to each successful and qualified graduate.
